GENERAL

In Newsletter No 8 in the AHMF Report there were omissions and typos – “a” between running and de-tuned. A full stop after March 2021. In paragraph one it should have read “Albert Budworth and Cheryl Nott from the Bayside Vehicle Restorers Club Inc. have put together trips down and back for this new tour.”

We have been notified that for the Redlands Coast Australia Day Event on Tuesday 26th January at Ormiston State School hosted by the Bayside Vehicle Restorers Club a special Covid 19 Form and procedure has been devised to gain entry. A copy of the form is attached. The form is to be completed by the driver and presented on entry of the vehicle for display. The driver will be responsible for all passengers in his vehicle and must write their names on the form. Wrist bands will be issued to the driver and passengers and these must be worn during the Event. Filling out the form prior to arrival will minimize delays. The form will also be available on the Bayside Vehicle Restorers Club Inc. website www.baysideclub.org.au/

INFORMATION

Did you Know?

1 in 5 motor vehicle accidents are caused by fatigue.

If a driver falls asleep for just 4 seconds while travelling at 100 km/hr the car will have travelled 111 meters without a driver in control.

Drivers who have slept 4-5 hours in the past 24 hours are 4.5 times more likely to crash than drivers who have slept 7 hours or more.

That **is** why all of us need to be aware of the effects of fatigue on our ability to concentrate.

OFFICE OF FAIR TRADING

The financial report for QHMC was sent to the Office of Fair Trading and has been accepted as true and correct.

The approved QHMC Constitution and By-Laws will be posted on the QHMC website- qhmc.net.au in the new year.
